## **OPTUMHEALTH SELECTS PROGENYHEALTH FOR NEONATAL CARE MANAGEMENT SERVICES**

*Conshohocken, PA* - ProgenyHealth, Inc. announces that it has entered into an agreement with OptumHealth Stop Loss to provide access to comprehensive NICU care coordination services for self-funded clients and Third Party Administrators, effective April 2009. Under the agreement, ProgenyHealth's NICU case managers, neonatologists and pediatricians work collaboratively with families, facilities and providers on the management of health care services for premature and medically complex newborns throughout the first year of life.

### ***About ProgenyHealth***

Headquartered in Conshohocken, Pennsylvania, ProgenyHealth is a leading provider of neonatal care coordination services. Focusing on the unique health care needs of infants in intensive care nurseries, ProgenyHealth neonatologists, pediatricians and NICU nurses partner with neonatologists and primary care providers to provide care management services from birth throughout the first year of life. Case managers are available to families 24/7 and work closely with them educating and supporting them so they can be active participants in the health care decision making process.

ProgenyHealth.....All about newborns, their families and a healthy start <sup>sm</sup>.
